"This is a great comic book and it deserves your attention."
-IGN

The image shows the cover of the Red Sonja comic book. It features the character Red Sonja, a woman with long red hair, wearing a blue scale-like bikini and a horned helmet. She is holding a sword and looking back over her shoulder. The background is a hazy, outdoor setting with other figures and spears. The title "RED SONJA" is written in a large, stylized, red font with a white outline at the bottom of the cover.

★ WHAT NOT TO READ

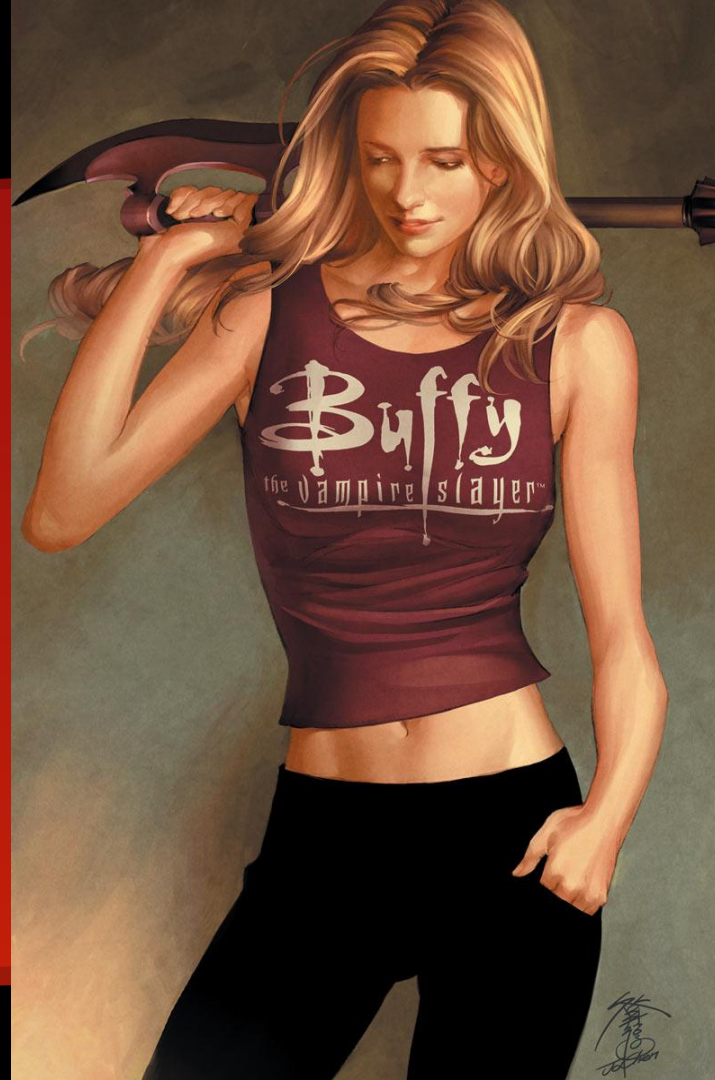

UNLESS YOU WANT TO HATE COMICS

★ JOSS WHEDON

Genres: Fantasy, action, snark

Newbies should avoid because:

- Issues with women
- Unsatisfying endings
- Someone always gets “Whedoned”

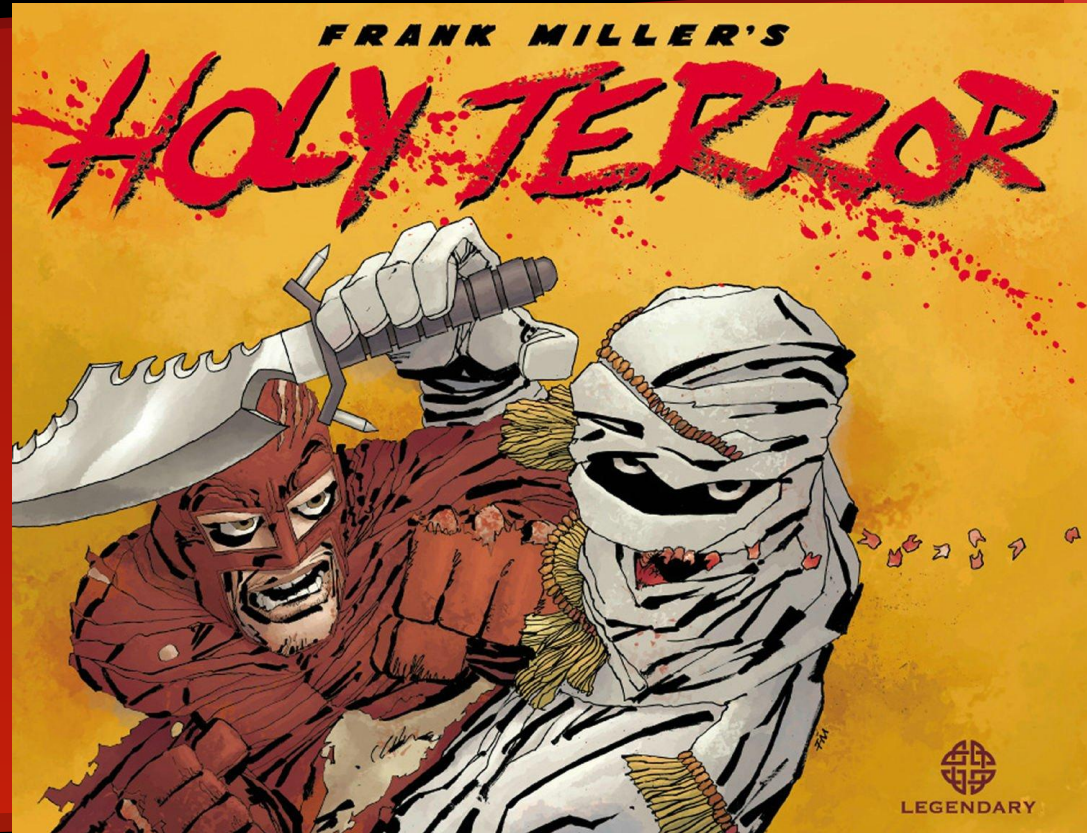

★ FRANK MILLER

Genres: Superheroes, noir

Newbies should avoid because:

- racist
- sexist
- crazy (not in the fun way)
- people took the wrong lessons from his work in the '80s and ruined comics with a bunch of grimdark sh*t

★ CONVERGENCE

Genre: The kind of giant comics event that made you not want to read American comics in the first place

Newbies should avoid because:

- Confusing
- Pandering to old-school fans
- They'll just do another one in a few years anyway
